

IAMC introduces Nimue range of skincare solutions

International Aesthetic Medical Centre (IAMC) has announced a tie-up with Nimue—a global leader in scientific skincare. IAMC will be exclusively marketing the innovative Nimue range of skincare solutions in the UAE.

Commenting on the tie up, Dr Dawood Sulaiman, Plastic & Reconstructive surgeon at IAMC said: "IAMC is pleased to announce an exclusive tie-up with Nimue, a global leader in skincare solutions. Nimue is world renowned for combining innovative formulations and cutting edge technology. Nimue products are an effective combination of exceptional ingredients with scientifically proven

delivery systems. This partnership reinforces and strengthens our commitment to innovation."

Nimue offers a range of face and body products with bio-efficient actives that provide a delightful sensorial experience in addition to effectively delivering the skin health benefits. These products with skin repair, restoration and rejuvenation properties are ideal to treat and protect the skin from wear and tear of day to day living, exposure to environmental elements.

Based on the brand's globally recognised modern skin classification concept (Environmentally Damaged Skin, Hyperpigmented Skin, Problematic Skin and Interactive) and unique philosophy based on four treatment pillars, Rejuvenation, Restoration, Anti-oxidation and Sun Protection, IAMC introduces to the region a complete range of Nimue face and body care solutions.
